About Me

I'm a passionate frontend developer with a love for creating beautiful, functional, and user-friendly web experiences. With expertise in modern web technologies, I enjoy turning complex problems into simple, elegant solutions.

When I'm not coding, you can find me exploring new technologies, contributing to open-source projects, or sharing my knowledge with the developer community.

PROJECTS

My Projects

E-Commerce Platform

A full-featured e-commerce platform built with React and Node.js. Features include product listings, shopping cart, and secure checkout.

[React](#)[Redux](#)[MongoDB](#)[Stripe](#)

[View Code](#)[Live Demo](#)

Task Management App

A responsive task management application with real-time updates using WebSockets. Organize and track your projects efficiently.

[React](#)[Context](#)[Socket.io](#)[PostgreSQL](#)

[View Code](#)[Live Demo](#)

Weather Dashboard

A beautiful weather dashboard that displays real-time weather data with interactive charts and forecasts.

[React](#)[API Integration](#)[Chart.js](#)[CSS3](#)

[View Code](#)[Live Demo](#)

Social Media Clone

A Twitter-like social media platform with user authentication, real-time notifications, and image uploads.

[React](#)[Firebase](#)[Tailwind CSS](#)[Media.js](#)

[View Code](#)[Live Demo](#)

Fitness Tracker

A comprehensive fitness tracking app that helps users monitor their workouts, calories, and progress over time.

[React Native](#)[Firebase](#)[Redux](#)[Charts](#)

[View Code](#)[Live Demo](#)

Blog Platform

A modern blogging platform with markdown support, user authentication, and SEO optimization.

[React](#)[Context](#)[Tailwind CSS](#)[MDX](#)

[View Code](#)[Live Demo](#)
